Calling ALL Members! The SSA needs your contributions for the SSA GLOBAL NEWSLETTER!

Articles: Send us 100-500 words on any topic related to you or your family's life around the globe.

Photographs: Send us a caption for every photograph. Tell us know where and when the event took place, and to whom all those happy faces in the pictures belong! Please ensure that everyone's name is spelled correctly. Unedited, high resolution photos work best.

Are you reluctant to submit an article because English is not your first language? Do not worry - we can edit your article in your native language and translate the edited articles to English also!

Please be considerate with regard to cultural and ethnic content in regards to all submissions.
